

Logistics Pricing Guide (Rate Card)

Prepared by:
HermesLines (HL)

This rate card is intended for initial customer review. A full integrated logistics proposal will be created for and with the customer to ensure a contract is signed which encompasses all standard and custom logistics needs of the customer.

Fulfillment Rates

These rates reflect the current pricing as of 2024. Please note that rates are subject to change over time. However, once a contract is signed, the agreed-upon rates will be fixed and honored for the duration of the contract.

Fulfillment and Packaging Fees "OrderFlow Fulfillment"

Please note that delivery rates are not included. The customer's delivery/shipping cost is based on USPS/UPS rates. HL does not earn or charge for delivery services. Pricing is calculated on a per-order basis, meaning there are no additional charges for shipping multiple SKUs to the same customer, provided they are included within the same order and shipped in a single package.

Weight Tier	Per Order, Excluding Packaging Fee	Per Order, Including Packaging Fee
Small Standard: 0.5kg or less	\$0.95	\$1.45
Small - Medium Standard: 0.5kg - 1kg	\$0.97	\$1.47
Medium Standard: 1kg - 2kg	\$1.15	\$1.65
Medium - Large Standard: 2kg - 5kg	\$1.45	\$1.95
Large Standard: 5kg - 10kg	\$1.95	\$2.65
Large to Extra Large Standard: 10kg - 15kg	\$3.95	\$6.45
Extra Large Standard: 15kg - 30kg	\$6.95	\$9.75

Inbound and Storage Rates

These rates reflect the current pricing as of 2024. Please note that rates are subject to change over time. However, once a contract is signed, the agreed-upon rates will be fixed and honored for the duration of the contract.

Inbound and Storage Fees "Storage Facility"

Please note that the pricing is based on a monthly fee per pallet. However, if the quantity of products on the pallet is reduced by half at any point, you will only be charged 50 percent of the pallet's monthly fee.

Storage Quantity	Monthly Fee per Pallet	Pallet Receiving and Quality Assurance Fee per Pallet
Less than One Pallet Quantities	= (% of Full Pallet Cubic Area) * \$15.99	= (% of Full Pallet Cubic Area * \$7.00) + \$3.00
1 Pallet	\$15.99	\$7.00 + \$3.00
2 Pallets	\$15.14	\$6.65 + \$3.00
3-6 Pallets	\$14.67	\$6.44 + \$3.00
7-8 Pallets	\$14.36	\$6.30 + \$2.50
9-14 Pallets	\$13.72	\$4.55 + \$2.00
15-24 Pallets	\$12.76	\$4.16 + \$1.00

Amazon FBA Rates

These rates reflect the current pricing as of 2024. Please note that rates are subject to change over time. However, once a contract is signed, the agreed-upon rates will be fixed and honored for the duration of the contract.

FBA "Amazon Prep & Ship":

Please note that costs are based on a per-pallet rate within a month, and shipments can be scheduled flexibly without needing to be shipped all at once. However, there is a minimum shipping requirement of one pallet.

Shipping Quantity to Amazon Warehouse	Cost per Pallet
1 Pallet	\$79.95
2 Pallets	\$71.55
3-6 Pallets	\$59.96
7-8 Pallets	\$55.97
9-14 Pallets	\$51.97
15-24 Pallets	\$47.97
Custom Amount or Container(s)	Contact for Quote

This service is a unique offering by HL, acting as an agent to facilitate the process of moving products from foreign sellers into Amazon warehouses. While HL does not directly transfer the products, we provide a range of services that include performing quality assurance (QA), finding and coordinating with reliable couriers, and ensuring that the products are handled correctly and arrive safely at their destination.

HL offers two options: 1) storing, performing QA, and coordinating the shipping of products, or 2) receiving shipments directly from manufacturing facilities abroad, performing QA, and managing the rerouting of the shipments to Amazon via selected couriers. Please note that the cost of shipping from our warehouse to the Amazon location is not included in the price.
